

CONTENTS

EPIDEMIOLOGY AND BIOSTATISTICS

- Sharing Statistical Data in the Biomedical and Health Sciences:
Ethical, Institutional, Legal, and Professional Dimensions,
Stephen E. Fienberg 1
- Scientific and Ethical Issues in the Use of Placebo Controls in
Clinical Trials, *Pamela I. Clark and Paul E. Leaverton* 19
- Latino Outlook: Good Health, Uncertain Prognosis, *William A.
Vega and Hortensia Amaro* 39
- The Effects of Mustard Gas, Ionizing Radiation, Herbicides,
Trauma, and Oil Smoke on US Military Personnel:
The Results of Veteran Studies, *Tim A. Bullman and
Han K. Kang* 69

ENVIRONMENTAL AND OCCUPATIONAL HEALTH

- The Impact of the Americans with Disabilities Act on
Employment Opportunity for People with Disabilities,
Mary Richardson 91
- Acute Respiratory Effects of Particulate Air Pollution, *D. W.
Dockery and C. A. Pope III* 107
- Wood Smoke: Emissions and Noncancer Respiratory Effects,
Timothy V. Larson and Jane Q. Koenig 133
- Public Health Risks from Motor Vehicle Emissions, *Mark J.
Utell, Jane Warren, and Robert F. Sawyer* 157
- Interpretation of Low to Moderate Relative Risks in
Environmental Epidemiologic Studies, *John F. Acquavella,
Barry R. Friedlander, and Belinda K. Ireland* 179
- Epidemiologic Research on the Etiology of Injuries at Work, *M.
A. Veazie, D. D. Landen, T. R. Bender, and H. E. Amandus* 203

PUBLIC HEALTH PRACTICE

- The Maturing Paradigm of Public Health, *Abdelmonem A. Afifi
and Lester Breslow* 223

viii CONTENTS (Continued)

Changing Public Health Training Needs: Professional Education and the Paradigm of Public Health, <i>Harvey V. Fineberg, Gareth M. Green, James H. Ware, and Bernita L. Anderson</i>	237
Healthy People 2000 and Community Health Planning, <i>Mark W. Oberle, Edward L. Baker, and Mark J. Magenheimer</i>	259
Programs Against Micronutrient Malnutrition: Ending Hidden Hunger, <i>G. F. Maberly, F. L. Trowbridge, R. Yip, K. M. Sullivan, and C. E. West</i>	277
The Re-emergence of Tuberculosis, <i>John D. H. Porter and Keith P. W. J. McAdam</i>	303
BEHAVIORAL ASPECTS OF HEALTH	
Efficacy of Labeling of Foods and Pharmaceuticals, <i>W. Kip Viscusi</i>	325
Relapse Prevention for Smoking Cessation: Review and Evaluation of Concepts and Interventions, <i>S. J. Curry and C. M. McBride</i>	345
Child Abuse, <i>Andrea M. Vandeven and Eli H. Newberger</i>	367
Job Strain and Cardiovascular Disease, <i>Peter L. Schnall, Paul A. Landsbergis, and Dean Baker</i>	381
HEALTH SERVICES	
Rationing Alternatives for Medical Care, <i>Charles E. Phelps</i>	413
Managed Care Plans: Characteristics, Growth and Premium Performance, <i>Robert H. Miller and Harold S. Luft</i>	437
Underinsured Americans, <i>Alan Monheit</i>	461
Health Status of Vulnerable Populations, <i>Lu Ann Aday</i>	487
Health Services in Head Start, <i>E. Zigler, C. S. Piotrkowski, and R. Collins</i>	511
Methods for Quality of Life Studies, <i>Marsha A. Testa and Johanna F. Nackley</i>	535
Technology Assessment and Public Health, <i>Elaine J. Power, Sean R. Tunis, and Judith L. Wagner</i>	561
INDEXES	
Subject Index	581
Cumulative Index of Contributing Authors, Volumes 6-15	591
Cumulative Index of Chapter Titles, Volumes 6-15	595

SUBJECT INDEX

A

- Abbreviated Injury Score (AIS), 217
- Abstinence violation effect, 350, 353
- Abuse
 - child, 502-4, 368-77
 - elder, 503-4
 - family violence, 503-4
 (See also Child Abuse, Violence)
- Access to care
 - uninsured population and, 462, 480-82
- Accidents (See Injuries)
- Acquired immune deficiency syndrome (See AIDS)
- Adolescents
 - Data Archive on Adolescent Pregnancy and Pregnancy Prevention, 7
 - Hispanic
 - drug use among, 56-57
 - pregnancy among, 56
 - vulnerable populations of
 - alcohol and substance abuse among, 501-2
 - suicide and homicide among, 502
- Adult Use of Tobacco Survey (1986), 345-46
- Aerosols
 - acid, 109, 117, 122, 174
 - definition of, 109
 - nitrate, 109, 113
 - sulphate, 109, 113, 117, 119
- African Americans
 - AIDS
 - relative risks from, 499
 - chronic diseases
 - relative risks of morbidity and mortality from, 498
 - drug abuse
 - relative risk of mortality from, 501
 - homicide
 - relative risks from, 502
 - maternal mortality
 - relative risks of, 497
- Agency for Health Care Policy and Research (AHCPR)
 - practice guidelines, 569-73
- Agent Orange
 - Vietnam veterans' health consequences from exposure to, 73, 79-82

- Agriculture
 - occupational injuries in
 - lack of research on, 205, 217
- AIDS
 - African children and
 - transfusion treatment of anemia in, 279-80
 - among Hispanic population, 47, 49, 56, 60
 - new drug evaluation and
 - controlled clinical trials and, 26-28
 - nonconcurrent controls and, 28
 - uncontrolled trials and, 26-28
 - placebo controls and
 - ethical issues regarding, 32-33
 - relative risks of vulnerable populations, 495, 498-99, 506
- Air pollution
 - motor vehicle emissions and, 157-75
 - atmosphere concentrations of, 163-64
 - atmospheric transport and transportation of, 162-63
 - control of, 157-62
 - health effects of, 164-75
 - particulate, 107-29, 133-51, 157-75
 - wood smoke and, 133-51
 - emissions from, 133-35
 (See also Motor vehicle emissions, Particulate air pollution, Wood smoke)
- Alcohol abuse, 500-2
 - relative risk among vulnerable populations, 500-2
- Americans with Disabilities Act (ADA), 91-103
 - definition of disability, 91-92
 - workplace applications of, 92-94, 102-3
 (See also Disability)
- Analytical epidemiology, 203-18
- Anatomic Profile (AP), 217
- Archives
 - data access in, 6-7
 - Data Archive on Adolescent Pregnancy and Pregnancy Prevention, 7
 - Inter-university Consortium on Political and Social Research (ICPSR), 5-7

- National Archive of Computerized Data Aging (NACDA), 6-7
 - National Center for Health Statistics (NCHS), 5-6
 - Asbestos, 110
 - Assessment Protocol for Excellence in Public Health (APEX/PH), 264-67, 269-70
 - Asthma
 - particulate air pollution and, 117-19, 121, 146-47, 149, 151, 165, 173
 - emergency room visits and, 150
 - motor vehicle emissions and, 165, 173
 - woodsmoke burning and, 146-47, 149, 151
- ## B
- BCG vaccine for tuberculosis, 314, 316-18
 - BEIR reports (See Biological Effects of Ionizing Radiation reports)
 - Benzene
 - alkyl, 134-35
 - methoxy, 134
 - motor vehicle emissions of, 160
 - in woodsmoke, 134-35
 - Biological Effects of Ionizing Radiation (BEIR) reports, 79
 - 1,3-Butadiene
 - motor vehicle emission of, 160
- ## C
- California's Proposition 65, 325, 336-37
 - Cancer
 - Agent Orange exposure and, 80-82
 - congenital malformations and toxic waste sites and, 194-98
 - environmental epidemiology of, 79-98
 - criteria for causality, 180-82
 - diagnostic accuracy and, 185-89
 - disease induction and latent periods, 184-85
 - exposure assessment, 189-93

582 SUBJECT INDEX

- underlying conditions and, 185
- ionizing radiation exposure and, 77
 - BEIR reports on, 79
 - leukemia and, 77-78
 - threshold dose of, 77
- respiratory, 75-76, 77-78
 - mustard gas exposure and, 75-76
- veterans and, 75-76, 76-79
- Carbon monoxide (CO), 158-75
 - health effects of low-level exposure to, 169-75
 - coronary artery disease and, 169-71
- motor vehicle emissions of, 158
- Cardiovascular disease
 - Hispanic mortality rates from, 47-48
- occupational stress and
 - hypertension and, 381-406
 - Karasek's job demands-control model of, 381-406
 - person-environment (P-E) fit model of, 381-82, 400
- Catechols
 - in woodsmoke, 134-35
- Causality
 - criteria for
 - Hill's, 180-81
 - Popper's, 181-82
 - evaluating, 182-98
 - validity of studies and, 182-93, 198
- Center for Health Administration Studies and the National Opinion Research Study (CHAS/NORC), 463-67, 481
- Cerebrovascular disease
 - Hispanic mortality rates from, 47
- Certificate of need, 433
- Cesarean section
 - fear of malpractice suits and rates of, 570
- Chadwick Report, 223
- Child abuse
 - borderline personality disorder and, 374
 - criminalization of, 375
 - disability and, 373
 - early detection of, 375
 - epidemiology of, 368-70
 - family and group therapy for, 376
 - HIV exposure and, 374
 - interventions and prevention of, 374-76
 - methods of measurement
 - "politics of victimization" and, 368-369
 - multiple personality disturbance and, 374
 - public health approach to, 376-77
 - relative risk in vulnerable populations, 502-4
 - risk factors for
 - ecological model of, 372
 - parental substance abuse and, 370
 - young maternal age and, 370-71
 - risk of future criminality and, 373
 - violence and, 373
 - school-based education for children, 376
 - sexual, 272-74
 - state child protective services and, 374
- Children
 - Head Start for, 511-32
 - health services in, 513-15
 - impact of, 529-30
 - homeless, 504-5
 - micronutrient malnutrition in, 277-97
 - cognitive impairment from, 278
 - in developing countries, 277-97
 - infant mortality and, 278-79, 281
 - respiratory effects in
 - ozone and, 165-66, 172-75
 - particulate air pollution and, 118-19, 122-23, 146-51, 165-66, 172-75
 - woodsmoke and, 119, 120-23, 146-51
 - tuberculosis and, 315
 - vulnerable populations of mental disorders in, 500
 - (See also Child abuse, Developing World, Micronutrient malnutrition)
- Cholesterol screening
 - cost effectiveness of, 566
- Cigarette smoking
 - relapse into
 - abstinence violation effect (AVE) in, 350, 353
 - Adult Use of Tobacco Survey (1986), 345-46
 - definition of, 347-48
 - models, 349-50
 - nicotine replacement therapy and, 359-60
 - patterns of, 348
 - predisposing factors, 350-52
 - prevention of, 353, 356-62
 - rates of, 345-46, 348
- Classical conditioning
 - placebo effect and, 22, 23
- Clean Air Act (CAA)
 - motor vehicle emissions and, 158-69
- Clinton (See President Clinton)
- Cocaine, 500
- Cognitive function
 - iodine deficiency disorders and, 278
 - micronutrient malnutrition and, 277-78
- Community health planning, 259-72
 - "community as patient," 272
 - (See also Health objectives, *Healthy People 2000*)
- Committee on Radiation Epidemiological Programs, 7-8
- Computers
 - access to research data and, 1-2, 15-17
- Congenital malformations
 - Agent Orange exposure and, 80-82
 - follic acid deficiency and, 281
 - selenium deficiency and, 282
 - toxic waste sites and, 194-98
 - zinc deficiency and, 281-82
- Construction industry
 - lack of research on occupational injuries in, 205, 217
- Controlled clinical trials
 - placebos as controls in
 - AIDS and, 26-28, 32-33
 - ethics of, 27, 29, 30-33
 - issues in choice of, 26-30
 - safety of, 33-34
- Coronary artery disease
 - carbon monoxide exposures and, 169-71
- Council on Education for Public Health, 251
- Cretinism
 - iodine deficiency and, 278
- Current Population Survey (CPS), 463-65, 472
- D
- Data
 - access tp, 1-17
 - changing computer environment and, 1-2, 15-17
 - court system and, 12-15
